Our Testimonials

★★★★★

We are already working on broader scope and we identified this was needed. Sahil was very quick to address it and results are delivered as expected. Love to work with the team in near future.

★★★★★

Great working with you, good luck with your future endeavours.

★★★★★

Sahil has deep expertise in AWS and is extremely professional and very fast! He fixed multiple issues in our setup and saved us AWS fees by optimizing our setup. Thank you!

★★★★★

Sahil was very helpful creating security policies and procedures.

★★★★★

Very good information security expert. Assisted me with vulnerability and penetration testing. High quality freelancer.

★★★★★

It was really great working with Sahil. Sahil is really technically strong in AWS and I am really looking forward to work again in future.
